*Proceedings of the Madras Government, Public Works Department,
25th January 1864.*

No. 542. Read the following letter from Captain H. TULLOCH, R. E., Special Executive Engineer, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, Madras, dated 12th January 1864, No. 28:—

SIR,

Pending an answer to my letter No. 26, dated 21st December 1863, I have the honor to submit for your favorable consideration this application for the immediate employment of four Lascars at the monthly charge of 24 Rupees. In order to prevent delay in my work I have at present engaged some men of this class, whom I am paying out of my own pocket. I beg however that Government will be pleased to grant me the help which I now solicit, inasmuch as I wish to avail myself of the cool season to complete all the field work in connexion with the drainage project. The weather now is so favorable that my Subordinates can be out almost all day long.

No. 543. ORDER THEREON, 25th January 1864, No. 269.

The Governor in Council grants authority for the employment of the four Lascars referred to in this letter, the charge being met from savings which it is believed will be made from the provision on account of Establishments for the current year.
