Read the following letter from F. H. HENSLOWE, Esq., Agent and Manager, Madras Irrigation and Canal Company, to Captain J. MULLINS, R. E., Consulting Engineer, Madras Irrigation and Canal Company, dated Madras, 8th September 1864, No. 1,153.

SIR,

1. With reference to the Orders of Government No. 1,540 of 27th May, and No. 2,574 of 5th September, I have been requested by the Directors to inform the Government that without referring to the provisions of the contracts, or considering whether the Company is liable to provide the extra bridge, prompted by a desire that their works should in no way lessen local convenience or deprive the inhabitants of existing privileges, but rather that those works shall tend to increase both and to produce public benefits and prosperity, the Directors are quite willing that this bridge shall be erected at the cost of the Company.

2. The Directors, however, wish it to be understood that in thus acquiescing in the order made by the Government, that such acquiescence is in no way to be taken as intended to affect or to interpret the effect and meaning of the contract with the Secretary of State, but simply as an expression of the views and wishes of the Directors irrespective of their legal liabilities and rights.
