REMARKS.—These works were sanctioned by Government in G. O. No. 2,913, dated 5th December 1862, and were executed under the superintendence of Dr. Mudge, late Honorary Secretary to the People's Park Committee. The cause of excess is attributed by him to the substitution of teak wood in lieu of mango planks for roofing, applying paint, for tar and for less weight of iron being charged in the estimate by some oversight, and the flooring having been done in better style than that provided in the sanctioned estimate.

As the additional outlay is more than 31 per cent. than that authorized by Government the accompanying bill is submitted for the sanction of Government.
