*Proceedings of the Madras Government, Public Works Department,
23rd September 1864.*

No. 524. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Major J. H. M. SHAW STEWART, R. E., Deputy Secretary to Government, Public Works Department, dated Camp Tiroovaur, 17th September 1864, No. 1,412:—

SIR,

I earnestly beg to request that if funds for the repairs of irrigation works in other Divisions are available for transfer, I may have the sum of Rupees 12,000 placed at my disposal for the repair of tanks in the Trichinopoly District, I have estimates in hand already for such repairs, amounting to Rupees 7,000, and the Budget allotment of Rupees 10,134 has already been exhausted. Many of the tanks are in emergent need of repair, and some of the estimates have been prepared on the request of the Collector. I am afraid that the revenue will suffer if no funds are placed at my disposal, and the approaching rains will increase the extent of the present damages.

No. 525. ORDER THEREON, 23rd September 1864, No. 2,776.

The Superintending Engineers, 1st, 2nd, 3rd, 4th, 5th and 8th Divisions, will be requested to report whether any, and what funds, can be spared from the repair allotment for the Districts under their charge, for the current official year.
