From

COLONEL C. A. ORR, R. E.,

To

The Secretary to the Government of India, Department Public Works.

Sir,

I am directed to forward a letter* from the Controller and Auditor of Public Works Accounts giving cover to one from the Superintending Engineer, 1st Division, requesting that certain corrections may be made in the Appropriation Register for May 1863, transmitted with my letter No. 3,593, dated 5th December 1863.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

Exd. S. T. Augustin.

With reference to Memo. No. 113, dated 20th Nov. 1863, and "Appropriation Return" of the Department for Sept. 1863, the Controller says to remark that, although the excess appropriations under the head "discretionary allowance" may be ultimately met from the savings under that head, still, it is not in the power of this office to pass the excess on the aggregate, under the head "discretionary allowance." The difference viz. Rs. 258 and, therefore, be deducted from the appropriation of Rs. 500 made in the revised return, and if any savings are obtained from the appropriation of Rs. 409 for the work alluded to by Capt. Chamberlain, it can be used to make the appropriation now cut down.

2. While only Rs. 28,241 are allowed in the Budget under the head "Metalled roads, as marginally explained, Rs. 29,771 have been appropriated under this

 Balanced

This lead up 11 September 1863.

Captain Chambers will be asked
as to explain whence the excess mile
he met, and address Govt on the
subject.

3. The amount allowed
in the Budget for "Dykes" is Pr. 1352.
not Pr. 1345 as shown in the
return.

4. In the Abstract Pr. 46866
are shown as the Budget allotment
for "Pepparing Current". But this is
apparently an error, as the Budget
shows Pr. 47369. If the latter be
admitted as correct, it should be
exhibited in future returns.
