*Proceedings of the Madras Government, Public Works Department,
11th October 1864.*

Read the following papers :—

No. 159. From Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Vellore, 21st September 1864, No. 2,961.

SIR,

1. With reference to the orders of Government in the Judicial Department, No. 683, dated

11th May 1864, directing the location of the Police in the town of Arnee, I have the honor to submit for sanction plan and estimate

amounting to Rupees 105, which have been prepared in communication with the Superintendent of Police for converting the building formerly occupied as a Sub-Magistrate's Cutcherry into a Police Station.

2. Separate Lock-up rooms have been provided for male and female prisoners, and each cell will contain 1,500 cubic feet of air, equal to 500 cubic feet for each prisoner, supposing that three only are confined at the same time.

3. This cubical space the Inspector General of Police (who has approved of the proposed work and whose letter is enclosed) considers will be found quite sufficient, as the Lock-ups are seldom occupied by prisoners for a longer period than twenty-four hours. I therefore request permission to have the estimate carried out this year from the sum, Rupees 3,000, allotted to the North Arcot District for Police Stations.

Referred to the Judicial Department.
