17/11/64

*Proceedings of the Madras Government, Public Works Department,
13th October 1864.*

No. 215. Read the following letter from Captain J. G. RYVES, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Waltair, 3rd October 1864, No. 1,025 :—

SIR,

1. With reference to the estimate sanctioned in G. O. No. 1,470 of 20th May 1864, for erecting a 6th Class Post Office at Cocanada, I do myself the honor of enclosing an original letter* from Major Stoddard, from which it will

* No. 151 of 6th September 1864, and its enclosure.

be seen that the site selected by the Executive Engineer, in charge of No. 1 Range, Godavery, after a good deal of searching, and approved of by the Collector of the Godavery District, is about three feet lower than the road which passes in front of it.

2. Consequently it is proposed to make the basement of the building three feet higher than that allowed in the sanctioned plan. This additional work will cost Rupees 370, which sum being more than five per cent. above the amount of estimate, Rupees 1,860, is not in my power to sanction.

3. Under these circumstances, I solicit the sanction of Government for the proposed additional work and to the addition of its estimated cost, viz., Rupees 370, to the original allotment for this work from the current year's Reserve.

No. 216. ORDER THEREON, 13th October 1864, No. 2,944.

The Superintending Engineer, 1st Division will be instructed to submit a revised estimate for the Post Office at Cocanada, and as the Reserve Fund is exhausted, he will report the source from which the additional* amount required can be provided.

* Rupees 370.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 1st Division.
