*Proceedings of the Madras Government, Public Works Department,
13th October 1864.*

Read the following papers :—

No. 219. From Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department of Public Works, dated Luckady, 28th September 1864, No. 126.

SIR,

Enclosures 2.

1. In forwarding the accompanying estimate and indent for tools and stores required for Neilgherry Range, I have the honor to request that I may be informed whether Gun Powder and such other articles as are obtained from Arsenals without payment should first of all be included in estimates before they are indented for.

2. I also wish to be informed whether the value of timber supplied by the Forest Department, but for which no cash is paid to them, and no credit given them in our accounts, is to be deducted from the Budget allotments of the current year of works for which the supply is made. The expenditure to be shown in our accounts of the current year on such large works as the Lawrence Asylum will be greatly affected by your reply, which may probably lead to large sums being made available for transfer.

Referred to the Controller of Public Works Accounts who will be good enough to submit his opinion on the two points adverted to by Colonel Walker.

CHEPAUK,
3rd October 1864.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government, P.W.D.

No. 220. Report of the Controller of Public Works Account, dated Madras, 6th October 1864, No. 1,284.

1. The undersigned has the honor to state that all articles required from local Arsenals coming under the head "Tools and Stores" should be first included in an estimate and duly sanctioned before indented for.

Enclosures 2.

2. With respect to the value of timber obtained from the Forest Department for the Lawrence Asylum work, but not charged thereto, the value of such timber will *not* form a deduction from the allotment for the work, as the full amount of the allotment (notwithstanding that the timber was not paid for) may be used on that or any other sanctioned work, provided always that the allotment made is not in excess of the estimate for the work less the value of stores obtained without payment.

3. It is further to be remarked that the value of the timber used *should be* considered a deduction from the estimate, and that the monthly periodical Reports of Progress should show (by a foot note) the value of timber and other articles obtained without payment, so that an authority may be given by Government for cancelling as much of the estimates in which provision is made for them. Otherwise, the full amounts of such estimates are likely to be spent in addition to the articles obtained without payment.

4. The information required by Government Order 8th September 1861, No. 2,605, is not furnished in the present estimate.

(Signed) T. BECKLEY, Captain, R. E.,
For Controller of P. W. Accounts.

To the Secretary to Government, Public Works Department.

No. 221. ORDER THEREON, 13th October 1864, No. 2,946.

1. The report of the Controller will be communicated to the Superintending Engineer, 7th Division, with reference to his letter of the 28th September 1864, No. 126.

*Proceedings of the Madras Government, Public Works Department,
13th October 1864.*

2. The estimate of Rupees 1,226 for tools, forwarded by Colonel Walker, is sanctioned from the sum of Rupees 10,000 for the purchase of stores in India.
3. The Indent on the Arsenal will be transferred to the Store Department.
4. Referring to paragraph 2 of his letter above quoted and the orders of Government as per margin, Colonel Walker will report the amount that will be available for transfer from the allotment for the Lawrence Asylum works.

21st September 1864, No. 2,759.
23rd Do. do. „ 2,776.

*Report of the Controller of Public Works Ac.
Counts.*

3
The undersigned has the honor to state that all Articles required from Local Arsenals coming under the head "Tools and Stores" should be first included in an Estimate and duly sanctioned before indented for.

Enc. Sure 2

2. With respect to the value of Timber obtained from the Forest Department for the Lawrence Asylum work, but not charged thereto, the value of such Timber will not form a deduction from the allotment for the work, as the full amount of the allotment notwithstanding that the Timber was not paid for may be used on that, or any other sanctioned work provided. Always that the allotment made is not in excess of the Estimate for the work less the value of stores obtained without payment.

32

3.

It is further to be re-
marked that the value of the Timber
used should be considered a deduction
from the Estimate and that the
monthly periodical reports of Accounts
should show by a foot note the
value of Timber and other Articles ob-
tained without payment, so that
an authority may be given by Go-
vernment for cancelling as much
of the Estimates in which provision is
made for them - Otherwise, the full
amounts of such Estimates are likely
to be spent in addition to the Articles
obtained without payment.

4.

The information re-
quired by Government Order 8th Septem-
ber 1864 - N^o 2605 is not furnished for
the present Estimate.
