*Proceedings of the Madras Government, Public Works Department,
14th October 1864.*

No. 234. Read the following letter from Lieutenant-Colonel J. C. ANDERSON, R. E.,
Superintending Engineer, 2nd Division, to Colonel C. A. ORR, R. E., Secretary to
Government, Department Public Works, dated Masulipatam, 4th October 1864,
No. 85:—

SIR,

1. I have the honor to report that the term for which two of the three Apprentices attached to the Kistna District were engaged will expire on the 11th instant, and as they will be unable to pass the standard of examination qualifying for Taluk Overseers, they will be liable to be turned adrift, unless it shall please Government to allow me to entertain them as Acting 2nd class Draughtsmen for which vacancies exist, on a moiety of the salary until they should pass the required examination.

2. They are well qualified for the situations; the Range Officers would prefer them to passed Candidates from the Civil Engineering College, and as the proposed arrangement will effect a saving I trust that the Government will sanction it.

3. The lads have done good service, and as they entered as Apprentices on the understanding that employment as Sub-Overseers would be conferred on them on the expiration of their term of four years' service, on passing the prescribed examination, I think it due to them, now that the standard for Sub-Overseers has been abolished, that they should be furnished with employment in some other capacity.

No. 235. ORDER THEREON, 14th October 1864, No. 2,953.

On the recommendation of the Superintending Engineer, 2nd Division, the Governor in Council sanctions the employment, in the manner proposed, of the Apprentices referred to in this letter, for a period of 12 months, after which they must be prepared to pass the examination prescribed for Draughtsmen or they will be required to vacate their appointments.
