No. 323. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madura, 14th October 1864, No. 1,365:—

SIR,

1. Referring to my No. 1,031, 7th ultimo, I have the honor to report that the Collector does not object to the transfer of Rupees 3,000, sanctioned for the construction of the road from Coolasagaraputnam to Udiangudy to the Satúr bridge, but declines to allow me to use any portion of the allotment for the road to Vypar Salt platform, there are still Rupees 1,031 therefore wanting.

2. I would point out that Rupees 1,586-3-5 were actually expended during 1863-64 on the Satúr bridge, but as the Government* would not allow me to pay for this from funds in my

No. 2,476, 29th August 1864, paragraph 3, in which case I shall only require leave to transfer Rupees 2,148 from the Udiangudy Salt road, the balance Rupees 552 will not be of any use on that road and may be otherwise turned to account.

3. I trust that the Government will permit this adjustment, and not compel me to interfere with the contracts already made with individuals for work on the Palamcottah and Tuticorin line.

No. 324. ORDER THEREON, 18th October 1864, No. 2,998.

1. The Superintending Engineer, 8th Division, will be requested to state in what manner the sum of Rupees 4,031 transferred,† in

the allotment for the Palamcottah and Tuticorin road to the Satúr bridge, for the completion of that structure, has been disposed of.

No. 2,396, dated 20th August 1864, referred to in G. O. No. 2,476, dated 29th idem.

2. The Orders marginally noted refer to payments actually made, and not to liabilities incurred in previous years.
