No. 365. ORDER THEREON, 20th October 1864, No. 3,015.

Nos. 1,412 and 1,540, dated 17th September and 3rd October 1863, respectively. 1. In his letters noted in the margin, the Superintending Engineer, 6th Division, applied for an additional grant of Rupees 40,000 for repairs urgently required to works of irrigation and communication in the Trichinopoly District.

G. O. No. 2,776, dated 23rd September 1864.

To meet this demand, the Government called upon the Superintending Engineers, 1st, 2nd, 3rd, 4th, 5th, and 8th Divisions to report whether any, and what funds could be spared from the repair allotments for the Districts under their charge.

2. The papers recorded above are the replies of these Officers. The Government observe that no funds are available for transfer in the Divisions marginally noted. In the 2nd Division, the Superintending Engineer reported that Rupees 10,000 could be diverted from the repair allotment for the Nellore District, under the head "Agricultural," and this amount was accordingly transferred to Trichinopoly in G. O. No. 2,947, dated 13th instant, leaving Rupees 30,000 still to be provided.

3. In anticipation of the requisite funds being placed at his disposal, the Superintending Engineer, 6th Division, was directed in Proceedings No. 2,940, dated 12th instant, to carry out the repairs above referred to. These orders will continue in force, and the Government will endeavour, as the official year passes on, to transfer the amount required from savings, which may hereafter be reported, in the allotments for the other Divisions.

Sir,

With reference to Order No 2776 dated 23rd September 1864, I have the honor to report that not one rupee can be spared from the repair allotments of the Districts forming the 3^d Division. In Quddapah and Namrut, estimates for the repairs of irrigation works have already been sanctioned by the Local Authorities in excess of the Budget allotments, though not all have yet been communicated to Range Officers; and in Bellary where the rain fall during the last three months has been quite unprecedented, the full allotment for repairs will be required during the current official year.

Yours faithfully
