Dated 26-9-1864.

*Proceedings of the Madras Government, Public Works Department,
26th September 1864.*

No. 503. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 17th October 1864, No. 3,543 :—

SIR,

1. In my letter, No. 2,711, dated 8th September 1864, I recommended that Rupees 9,132 should be transferred from the balance,

1. Enclosing Esplanade at Madras with iron railing.	RS 29,512
2. Alterations to Saint George's Cathedral	27,000
	<u>56,512</u>
Deduct amount transferred in G. O. No. 2,373, dated 19th August 1864.. .. .	46,884
Balance..	9,628

Rupees 9,628, remaining of the sums noted in the margin to meet the cost of completing the alterations to the Sea Face Batteries at the Presidency, sanctioned in G. O. No. 131, dated 15th January 1864 ; but this arrangement was not authorized, the funds in question having been subsequently appropriated for Establish-

ments in the Orders of Government, No. 2,741, dated 20th September 1864.

2. I have now the honor to request that the savings, Rupees 8,120, which will be effected on the sanctioned allotments for the undermentioned works may be transferred to meet a portion of the amount required for the alterations in question :—

Name of Work.	Estimate.	No. and date of sanction.	Probable expenditure in 1864-65.	Allotment for 1864-65.	Savings.
	RS.		RS.	RS.	RS.
Laying down pipes for supplying water to the General Hospital.	4,540	G. O. No. 1,874, dated 27th June 1864.	990	4,540	3,550
Enclosing grounds of the Medical College.	10,350	G. O. No. 1,553, dated 30th May 1864.	5,780	10,350	4,570
					<u>8,120</u>

3. The savings on the first item is attributable to the rule which now prevails of one Department supplying another with material out of its own stores without payment. The pipes required for the water project of the General Hospital are being made up at the Mint without charge, but a corresponding reduction must be made in the estimate and allotment for the work.

4. Iron railings for the 2nd item are also being manufactured at the Mint, and partly on that account and partly because some of the works provided for in the estimate, Rupees 10,350, cannot be carried out this year, there will be the saving above noted of Rupees 4,570 on this year's allotment.

5. The sum Rupees 1,012 still required to meet the cost of completing this year the works at the Sea Face Batteries, I hope to be able to obtain from the savings which may hereafter be effected on allotments for other works at the Presidency.

Estimate.. .. .	RS 13,130
Deduct amount expended up to 31st April 1864	3,998
	<u>9,132</u>
Amount now proposed to be allotted.. .. .	8,120
	<u>1,012</u>

6. The expenditure up to the end of last month has been Rupees 6,392, of which Rupees 3,998 were spent last year as noted in the margin.
