Proceedings of the Madras Government, Public Department,
19th October 1864.

to keep the Park in order from that part which may be said to be still employed in constructing and completing the works in the Park, and which, after those works shall have been completed, will no longer be required. It appears from the papers above recorded that the cost of the permanent establishment, which is considered by the Committee of the People's Park to be necessary, is Rupees 6537. In addition to this sum the Committee require Rupees 2000 for the current year for a temporary establishment to be employed in the completion of the works now under construction or in contemplation. The outlay for the year 1863-64 amounted to Rupees 7357-8-0, and was met from sums saved from the allotment for sanctioned works. The Committee, however, desire that this sum may be refunded in order that the works for which it was allotted may be completed.

2. The Government of India will be requested to sanction an annual allowance of Rupees 6537 for the permanent establishment and lighting of the Park, and also a temporary charge of Rupees 2000 for the current year. The sanction of the Supreme Government will also be requested for the expenditure of Rupees 7357 incurred during the past official year, and to prescribe the head of account under which the charges should appear.

3. It is observed that the proceeds of the sale of grass and other receipts of the Park, which during the last official year amounted to Rupees 2690-10-8, are carried to the credit of Government.
