MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

From the Superintendent Gas Works, Madras, 7th September 1864, No. 46; to the Secretary to Government, Fort Saint George.

In reply to my application for the loan of a Hose to fill the Gas Tanks, the Inspector General of Ordnance and Magazines has ruled that the supply in Store being insufficient to meet the demands of the service, he is consequently precluded from authorising the issue of Hoses for any other purposes than the service of the Fire Engines.

2. On previous occasions a similar difficulty has been experienced; I would therefore solicit the favor of Government directing the Engineer Department to have laid down a branch Pipe to the Gas Works from the main which conveys the Seven Wells water to the Fort.

Referred to the Department of Public Works, in view to its being ascertained whether any objection exists to the measure proposed.

9th September 1864.

this Office for report by the Deputy Secretary to Government, Public Works Department, on the 13th idem, the undersigned has the honor to report that he sees no objection to a branch water Pipe being laid down to the Gas Works from the

main leading into the Fort from the Seven Wells.

2. It may leave the 'Main' at the angle formed by the Scarp-wall of the Berm of the East Flank of the Royal Bastion, with the Curtain, and can be led along the latter to the Gas Wells on the West Caponnière on the North Gate road.

3. The cost would be 475 Rupees.

4. The Mint having so much work already in hand, it is feared that the Pipes could not be obtained during the current official year.
