*Proceedings of the Madras Government, Public Works Department,
5th November 1864.*

No. 125. Read the following Proceedings of the Madras Government in the Judicial
Department :—

Requesting that in the Subsidiary Jails the cubical space to } (Here enter 26th October 1864, No. 1,541.)
be allowed to each prisoner may be limited to 500 feet.

No. 126. ORDER THEREON, 5th November 1864, No. 3,192.

Communicated to the Superintending Engineer, 4th Division, for information and
guidance.

Read the following papers:—

No. 195. From Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division; to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 29th September 1864, No. 3159.

With reference to the Proceedings of Government, No. 1531, dated 26th May 1864, I have the honor to request that I

may be favored with instructions as to the cubical space which should be provided for each of the prisoners to be accommodated in the building proposed

to be constructed at Poottoor, in North Arcot, for a Sub-Magistrate's Cutcherry, and Police station.

2. The number of prisoners to be provided for is 12 males and 4 females, and if the dimensions given in the sketch which accompanied the G. O. above quoted be followed, the space available will only be 324 cubic feet per man. Mr. Fraser, late Acting Collector, in conjunction with the Zillah Surgeon, proposed that 550 cubic

feet should in all such cases be allowed;

but the Collector of North Arcot considers that one-half that capacity, or 275 cubic feet would "be amply sufficient,"

while the Sanitary Commissioners inform

me that for the perfect security of health

not less than 1000 cubic feet should be provided.

3. The adoption of this latter space would certainly considerably increase the cost of the proposed building; but seeing that the Sanitary Commissioners' views on the subject are the result of experience in many parts of India, I would recommend that being followed, and I beg therefore to submit for approval a modified plan, in which I have allowed a superficial area of 75 feet, and a cubical space of 1000 cubic feet for each prisoner.

Referred to the Judicial Department, with reference to the orders in that Department, No. 707, dated 16th May 1864.

MEMORANDUM.

With reference to the Official Memorandum from the Secretary to Government in the Judicial Department, No. 524, dated

1 Plan.

4th October 1864, the Superintending Engineer, 4th Division, has the honor to

report that the estimated cost of constructing a Sub-Magistrate's Cutcherry and Police station at Poottoor in the North Arcot District, according to the plan which accompanied his letter, No. 3159, dated 29th September 1864, is about Rupees 9000.
