PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter:—

From the Superintendent Engineer 6th Division, Tanjore, 11th October 1882.
To the Secretary to Government, Public Works Department.
I beg to inform you, that the Quarter Master General, under date the 24th instant, has intimated the desire of His Excellency the Commander-in-Chief, that I should carry out the enclosed Estimate, amounting to Rs. 160, for making a well at P. Well for supplying the water-trough used by the 23rd Artillery. The Major General Commanding brought to notice that owing to the payment of Grants for raising the water having been allowed, it was also necessary to sanction this Estimate.

The balance at my disposal for minor new works under the head of "Military," amounts to Rs. 67 only. I beg therefore, that I may be allowed to transfer Rs. 93, the difference between the above sum and the amount of Estimate, from the allotment under the head of "Communications," which has not been expended as yet.

Referred to the Military Department.
