*Proceedings of the Madras Government, Public Works Department,
11th November 1864.*

No. 207. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E.,
Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to
Government, Department-Public Works, dated Camp Cannanore, 1st November 1864,
No. 157:—

Sir,

1. I have the honor to submit, for the favorable consideration of Government, the accompanying plan and estimate of Rupees 700, for affording adequate accommodation to the Range Officer and his establishment at Manantoddy.

2. At present the Range Office is portion of an old Barrack, 35 feet by 18, with one door and window, and a front verandah, but none in rear. It is proposed, by running a partition wall across the main room, to set off a private apartment for the Range Officer 18×15, opening by a glazed door into a new dressing and bath room, to be added with small out-offices, behind. The space between two pillars of the front verandah being inclosed to accommodate the Office, in addition to the sitting room within.

3. The plan and estimate also show how at the very small cost of Rupees 50, the Forest Department can be accommodated without too much curtailing the size of the present school-room. But such proposal has nothing to do with the subject of this letter.

4. The sum required, Rupees 700, is available from the allotment of Rupees 1,500 for Minor New Works, under the head of "Communications" of the Malabar District.

No. 208. ORDER THEREON, 11th November 1864, No. 3,230.

The estimate submitted with this letter is high, but looking to the rates prevailing in the Wynad ~~district~~ and the difficulty experienced in obtaining materials and labor, it does not appear to be higher than necessary. The Government accordingly sanction the estimate, and authorize the immediate execution of the work from the funds proposed by the Superintending Engineer.
