Ootacamund,
18th October 1864.

(Signed) W. FAREWELL, Major,
Executive Engineer.

Memorandum from the Executive Engineer, dated Ootacamund, 18th October 1864, No. 165.

With reference to Memorandum No. 39, dated 27th August 1864, the undersigned has the honor to report that the tents are all un-serviceable; they originally consisted of one double poled and single poled and one necessary tent, the inside fly of the doubled poled tent was used in patching and rendering temporarily serviceable the outside fly of doubled poled tent, which is now next to useless; and the outside fly of the single poled tent was used to repair its inside fly, which is also now unserviceable; the necessary tent is also unserviceable; the tents were used up in affording shelter to Overseers on different roads, the old tents are now used (having been repaired at the expense of the Jail and Lawrence Asylum works) for sheltering Convicts during the rain on the works; they should however be struck out of the Store lists they are quite valueless.

(Signed) W. FAREWELL, Major,
Executive Engineer.

No. 219. ORDER THEREON, 12th November 1864, No. 3,236.

1. The foregoing letter and its accompaniments will be communicated to the Controller of Public Works Accounts, with reference to paragraph 9 of Proceedings dated 19th September 1864, No. 2,729.

2. The Government approve of the buildings, referred to in paragraph 2 of Colonel Walker's letter, being brought on the dead stock of the District books, their original cost being written off.

3. The Controller will arrange for the adjustment of the items referred to in paragraph 3.

4. The proposals made in paragraphs 4 and 5 are approved.
