*Proceedings of the Madras Government, Public Works Department,
12th November 1864.*

No. 226. Read the following letter from Captain J. MULLINS, R. E., Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department of Public Works, dated Madras, 4th November 1864, No. 137 :—

SIR,

1. In continuation of my letter No. 120, of the 8th ultimo, and with reference to the No. 3,042, dated 22nd October 1864: order of Government as per margin, I have the honor to forward a letter, No. 1,679 of the 1st instant, from the Agent, explaining that Rupees 42,447-0-11 only, of the expenditure shown in the statement for August 1864, of expenditure compared with the Budget allotment, has been incurred on sanctioned indents for stores purchased in Madras and in the Divisions, and that the remainder, Rupees 50,763-4-0, is for store charges and manufacture* of stores.

* Called Work-shop charges by the Agent.

2. I find that the Budget allotment of one lac for stores and plant was entered in accordance with the Chief Engineer's estimate, but that in the two previous Budgets three lacs were allowed, and that the expenditure on this account in 1862-63 was Rupees 1,65,275, and in 1863-64 Rupees 2,21,762, so that in the present case, the provision appears to have been too small, and I would recommend that, as in the entry for construction, Rupees 22,16,000, three lacs are included for storage, little, if any, of which will be expended under that head, one lac be transferred from construction to stores and plant.

From Madras Govt., 6th February 1864, No 381, paragraph 117.

No. 227. ORDER THEREON, 12th November 1864, No. 3,240.
Under the explanation afforded, the Government sanction the transfer of funds recommended in paragraph 2.
