*Proceedings of the Madras Government, Public Works Department,  
16th November 1861.*

No. 337. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E.,  
Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to  
Government, Department Public Works, dated Cannanore, 4th November 1861,  
No. 162:—

Sir,

I have the honor to request permission to transfer, from under the heads of "Repairs" to that  
of "New Works," the sums of Rupees 250 and Rupees 150 for current and special maintenance  
of water-supply, entered in page 73 of the printed Budget of 1861-65. Major Farewell wishes to  
carry out, at least as far as the site of the new Court House at Ootacamund, a channel which is  
eventually to supply water for the Bazaar, and on the prior execution of which we had reckoned  
in drawing up his estimates for the building. It will be the first step towards an important work,  
and if it only stopped there would be worth taking, on general as well as special grounds; but  
every Rupee spent on it will be so much laid out on the greater undertaking also. The money  
will not this year be required for other purposes, and accordingly I see no objection to its appro-  
priation as above suggested.

No. 338. ORDER THEREON, 16th November 1861, No. 3,291.

1. The sanction of the Government of India is necessary to the diversion of funds recom-  
mended by the Superintending Engineer, 7th Division. This will be applied for; but to avoid  
delay, the excavation of the channel referred to in this letter may be proceeded with.

2. Ordered that the following letter be sent:—

(Here enter No. 3,293, dated 16th November 1861.)

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,  
Secretary to Government.
