*Proceedings of the Madras Government, Public Works Department,
19th November 1864.*

No. 406. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cuddapah, 8th November 1864, No. 134.—

SIR,

1. I have the honor herewith to submit for sanction a plan and an estimate, amounting to Rupees 552, for a new Kalingal to the Nagalcuntah tank in the Cuddapah Taluq, of the Cuddapah District.

1 Plan.
1 Estimate.

2. The present Kalingal is small, out of repair, and so badly situated that the surplus water threatens to destroy the Cuddapah and Nellore road which runs under the tank, but by constructing a new Kalingal at the further extremity of the bank, the surplus water can be led under a small bridge on that road.

3. The amount of the estimate (which has been countersigned by the Acting Collector) can be defrayed from the unallotted balance of "Minor New Works"—"Agricultural" of the Cuddapah District.

No. 407. ORDER THEREON, 19th November 1864, No. 3,330.

The estimate submitted with this letter is sanctioned for execution from the funds mentioned by the Superintending Engineer.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 3rd Division.

„ Accountant General.

„ Controller of Public Works Accounts.
