*Proceedings of the Madras Government, Public Works Department,
2nd February 1864.*

No. 35. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 21st January 1864, No. 1,594:—

1. With reference to paragraph 4 of Government Order, dated 18th November 1863, No. 3,359, I have the honor to report that the balance* of Estimate required for the completion of the Murthayar under-tunnel is being carried out from the Repair Funds of this year under the head of Irrigation. A separate application for additional funds, owing to the progress made on this work, has been forwarded with my letter as per margin† submitting the lists of sanctioned works and expenditure incurred, and further allotments required, to the 31st December 1863.

2. Captain Palmer, Executive Engineer Trichinopoly, reports under date the 9th instant, that the above work was re-commenced in this official year under the impression that it would be allowed for subsequently, and considers that it was included in the sanction of Rupees 2,921, for the Ponairy project sanctioned in G. O. No. 2,200 of the 5th August last, for the following reasons.

* Rupees 5,472.

† Rupees 2,206.

3. In submitting the Estimate‡ for this under-tunnel and advanced apron, he included with it the balance unexpended of the Ponairy Channel estimate,§ which was sanctioned in G. O. of the 20th June 1862, No. 1,422. The two works, therefore, the channel and under-tunnel, were considered as one project and one work, and any sanction accorded for the outlay of the unexpended balance was thought applicable to either work.

No. 36. ORDER THEREON, 2nd February 1864, No. 344.

1. Ordered to be recorded.

2. The subject of providing funds for the repair of the Murthayar under-tunnel will be disposed of in connection with the general re-distribution of funds contemplated on receipt of the replies of Superintending Engineers to Proceedings, dated 14th December 1863, No. 3,681.

3. With reference to paragraphs 2 and 3 of Captain Bean's letter, the Government observes that as in the orders* quoted, authority was only granted for the completion of the Ponairy project on the Estimate of Rupees 19,170, and the balance† required to complete the repairs to the Murthayar under-tunnel was specially ordered to be included in the statement called for in G. O. 3rd July 1863, No. 1,748, the prosecution of the latter work was irregular.

* 5th August 1863, No. 2,200.

† Paragraph 20.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

Secretary to Government

S. P. P.

Sir,

With reference to para 4 of Govern-
ment Order dated 18th November 1863. N^o 2357
I have the honor to report that the balance
of Estimate required for the completion of
the Mardour under Tunnel is being carried
out from the Repair Funds of this year
under the head of Irrigation. A separate
application for additional funds, owing to
the progress made on this work, has been
forwarded with my letter as per margin
submitting the List of sanctioned works and
expenditure incurred, and further allot-
ments required to the 31st December 1863.

invented in this official year under the impression that it would be allowed for subsequently, and considering that it was included in the sanction of the report for the Penary Project sanctioned in G. O. No. 2200 of the 5th August last for the following reasons:

3 In submitting the Estimate for this Under Tunnel and advanced apron, he included with it the balance unexpended of the Penary channel Estimate, which was sanctioned in G. O. of the 20th June 1864. The work, therefore, the channel and Under Tunnel, were considered as one project and one work, and any sanction accorded for the outlay of the unexpended balance was thought applicable to either work.

I have the honor to be

Sir,

Your most obedient servant

Wm. Capon R.E.
