PUBLIC DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Visiting Members of the Monegar Choultry; to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George, dated 12th November 1863.

With reference to the letter of the Visiting Members of the Monegar Choultry, dated the 30th July 1863, and the Order of Government thereon, dated 19th August 1863, No. 940, Public Department, we have the honor to request you will do us the favor also to submit, for the sanction of Government, the accompanying estimate prepared by Lieutenant Pennyquick, Assistant Engineer, amounting to Rupees 800, for the work therein referred to.

2. We beg to state that the Directors had before them three other estimates prepared by Native Bricklayer Maistries: the whole were submitted to Colonel Boileau of the Engineers, who is also a Director of the Institution. Although the Colonel concurs in the use of earthen pipes in the construction of the work in substitution for iron ones, whereby a saving of 300 Rupees will be effected, notwithstanding, the majority of the Directors are of opinion that it would eventually be more economical to lay down iron pipes, and we trust His Excellency in Council will be pleased to sanction the construction of the work accordingly.

3. We also beg to submit a letter from the Superintendent of the Monegar Choultry, as to the urgent necessity of the work estimated for, as well as Lieutenant Pennyquick's letter on the subject, together with his statement relative to the estimates of the proposed work prepared by the Native Maistries.

Visiting Members.

From the Visiting Members of the Monegar Choultry; to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George, dated 18th January 1864, No. 1.

With reference to the letter under date the 12th November last, from the Visiting Members of the Monegar Choultry, we have the honor to request that you will do us the favor to solicit the early orders of Government for the execution of the work estimated for, as great inconvenience is felt owing to the present state of the well and the want of water for the use of the Choultry.

(Signed) J. MAYER,

(") T. RAMACHENDRA ROW,

Visiting Members.

ORDER THEREON, 22nd January 1864, No. 60.
