*Proceedings of the Madras Government, Public Works Department,
3rd February 1864.*

No. 53. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 29th January 1864, No. 4,329 :—
SIR,

1. I have the honor to submit for the sanction of Government an Estimate amounting to Rupees 86, prepared at the request of the Chief Secretary, for putting up iron net work to the upper windows and fitting brass locks to the outer doors of the Secret Department of the Government Press Office in Fort Saint George.

2. The Chief Secretary having desired that the work may be carried out with the least practicable delay, orders to that effect have been given to the Assistant Engineer.

3. I should not have troubled Government in the matter as the amount of the work is within my powers of sanction, but that the small sum placed at my disposal for minor new works of this character is long ago expended, and I am obliged to call upon them to grant it out of the General Reserve Fund.

No. 54. ORDER THEREON, 3rd February 1864, No. 353.

The Governor in Council grants authority for a sum of Rupees 86 being placed at the disposal of the Superintending Engineer, 4th Division, from the current year's Reserve for the work referred to in the foregoing letter.
