G.O. No. <i>375</i>	Press ~~Mia~~
<i>99-100</i>	
Dated <i>5-2</i>	<i>1864.</i>

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
5th February 1864.*

No. 99. Read the following letter from Captain F. J. MOBERLY, R. E. Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Sempatty, 20th January 1864, No. 1,706 :—

SIR,

1. Referring to Government Order No. 1 of the 4th instant, I have the honor to report that in the two Estimates now in progress on the road from Madura to Tondy, two very different rates are allowed for gravel although the Estimates were submitted in the same year.

2. Mr. Dudgeon, who forwarded his on the 27th September 1861, has entered lower rates than Captain Ryves, who forwarded his on the 23rd November 1861, the former being on an average six Annas and the latter eight Annas per cubic yard.

3. It is of course impossible that we can expect Contractors to work on such terms, I therefore beg that I may be allowed to pay the rate allowed by Captain Ryves, as being fairer, diminishing the quantity of work proportionably.

No. 100. ORDER THEREON, 5th February 1864, No. 375.

The Governor in Council accedes to the recommendation contained in paragraph 3 of this letter, provided that the Superintending Engineer and Collector be of opinion that a diminution of the quantity of work originally proposed to be carried out, is unobjectionable.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 8th Division.

„ Collector of Madura.

„ Controller and Auditor of Public Works Accounts.

„ Accountant General.

Exd. S. T. Augustin.

Nº 375.

The Governor in Council
accedes to the recommendation contained in
Para 3^m of this letter, provided that the Supy.
Engineer and Collector be of opinion
that, a diminution of the quantity of
work originally proposed to be carried
out, is unobjectionable.
