*Proceedings of the Madras Government, Public Works Department,
11th February 1864.*

No. 229. Read the following letter from Major General S. O. E. LUDLOW, Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Camp at Cuddapah, 29th January 1864, No. 141:—

SIR,

1. With reference to paragraph 4 of the Proceedings* of Government, dated 29th October 1863, I have the honor to forward the accompanying papers† received from the Agent furnishing the information called for therein.

* No. 3,156.
† Extract of the Agent's letter No. 1,523 of the 20th November 1863, paragraph 3.
Agent's letter No. 1,981 of 22nd January 1864.

2. From these papers it will be observed that the boat "Enterprize" was purchased from Messrs. Line & Co., Madras, on the 25th October 1859, for Rupees 400, for the purpose of accompanying the steamer "Thistle" in the exploration of the Pennar, and that it now remains in the Company's Timber yard at Nellore. The Executive Engineer there reports that it is in good condition and only requires to be re-caulked and repainted to be fit for use again.

3. With regard to the necessity of the services of Mr. Wolf, it appears that he was appointed as Sub-Overseer on the 8th November 1859 on a salary of Rupees 45 and an allowance of Rupees 25, for employment on board the steamer "Thistle," while in the exploration of the Pennar; consequently it is clear that the payment made to him was by mistake charged to the maintenance of the boat "Enterprize" instead of to the Pennar exploration.

4. Under these circumstances and as the charges in question amounting to Rupees 447-1-11 which now stand retrenched in the accounts appear to have been necessarily incurred, I beg to recommend that they may be passed to the debit of the Pennar exploration.

5. The original value of the boat "Enterprize," viz., Rupees 400, is brought on the Store Accounts, but should be properly borne on the Company's Plant Account. The Agent will be requested to carry out the necessary adjustment for the transfer of the amount to the latter account.

No. 230. ORDER THEREON, 11th February 1864, No. 419.

Under the explanation now afforded the Governor in Council passes the sum of Rupees 447-1-11 retrenched in Proceedings No. 3,156, dated 29th October 1863. The charge will be debited to the Pennar exploration as recommended by the Consulting Engineer.
