U

*Proceedings of the Madras Government, Public Works Department,
18th February 1864.*

No. 369. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 18th January 1864, No. 1,565 :—

SIR,

1. Agreeably to Order of Government dated 14th ultimo, No. 3,681, paragraph 4, I have the honor to forward four lists of new works and repairs, showing the allotments in this Division for the year 1863-64, and the sums which are not likely to be expended, as well as the works for which additional funds will be required. For the sake of ready reference I have submitted another short statement showing the items of the Budget allotment for repairs which require to be increased, with explanatory remarks.

2. Under the head of New Works, it will be seen that there is still a large balance to be spent in the Tanjore District after reference to the Officers concerned, however I find that it may be laid out within the year. The large balance of Rupees 9,935 for rebuilding a portion of the lower Anicut bridge remains from the allotment of Rupees 10,000 made only on the 22nd December last for the work. In the Trichinopoly District the works are progressing favorably. Sanction is immediately required in the Tanjore District for the Kordacherri bridge, an Estimate having been submitted on the 23rd December 1863. In the Trichinopoly District Rupees 3,531 are required to complete certain works, out of which Rupees 1,254 from incomplete works of last year have been expended in anticipation of sanction. To meet this excess however, in part, a balance of Rupees 1,105 remains

* Expenditure in Trichinopoly..	Rs. 1,254
Dindigul road	2,277
	3,531
Deduct balance unexpended..	1,105
	Rupees.. 2,426
Kordacherri bridge.. .. .	1,880
Total Rupees..	4,306

from completed works, and the sanction for the difference of these amounts* and the Kordacherri bridge Estimate in Tanjore is requested, Rupees 4,306.

3. With reference to the Repair statements, a sum of Rupees 13,815 in excess of allotment is requested for the Trichinopoly District. The only remark I would make regarding the items making up this sum refers to "Land and Miscellaneous" and "Dykes," as it will be seen that Rupees 740 and Rupees 17,100 have been allotted, and Rupees 1,967 and Rupees 19,000 expended under these heads respectively to the 31st December. Owing to the appropriation of funds and the accounts of Trichinopoly District having been left in the District Engineer's hands until September, Captain Foord did not regulate the sanctions for repairs agreeably to the Budget allotments until after this date, when he found that the appropriations and in some instances the expenditure had exceeded the authorized amounts. I am endeavouring to adjust the appropriations and the amounts to be expended by each Range Officer for the remainder of the official year.

REPAIRS.		Rs.
Budget allotment	1,81,604	
Expenditure to 31st December	82,383	
Balance Rupees..	99,221	

4. It may be said that there is still a large outlay to be made in the Tanjore District to the end of the year for irrigation works and roads, but as the working season has commenced I am not prepared to recommend any deduction and transfer of funds to Trichinopoly. From the

special sanction for repairs of roads 20,040, Rupees 4,513 only have been expended, but the balance will be appropriated for those roads, a list of which was forwarded with Captain Foord's letter No. 198 of the 9th July 1863.

No. 370. ORDER THEREON, 18th February 1864, No. 490.

1. The foregoing letter from the Superintending Engineer, 6th Division, gives cover to the Statements called for in G. O. No. 3,681, dated 14th December 1863.

*Proceedings of the Madras Government, Public Works Department,
18th February 1864.*

2. Captain Bean reports that no portion of the allotment for Tanjore is available for transfer. In the Trichinopoly District he states that Rupees 1,105 can be transferred to other works. This sum the Governor in Council authorizes to be carried to the credit of the Reserve Fund.

3. In No. 3 Statement, Rupees 5,411 are applied for from Imperial Funds, viz., Rupees 1,880 for Tanjore and Rupees 3,531 for Trichinopoly.

* 19th January 1864, No. 200.

† For the Trichinopoly District.

4. The Government having* already allotted Rupees 1,880 (the sum applied for for the Tanjore District) for the bridge across the Vettaur at Kordacherri, the amount requiring sanction is Rupees 3,531,† which the Governor in Council authorizes to be disbursed from the current year's Reserve.

5. As the Government is precluded from sanctioning from the Reserve the additional amount‡ required for repairs in the Trichinopoly District, it will look to the Superintending Engineer to provide for the excess referred to in paragraph 3 of his letter, by a corresponding reduction in the allotments under other sub-divisional heads of repair. Captain Bean will accordingly submit a further report on this subject at an early date.

‡ Rupees 13,815.

See G. O. No. 1,748, dated 3rd July 1863.

Explanation for requiring further allotments under the undermentioned heads in Statement No. IV for repairs

Items	Budget allotment	Expenditure upto 31 st Decem: 1883	Expenditure upto 30 th April 1884	Amount required to be provided
<u>Trichinopoly District</u>				
Land and Miscellaneous—	740	1967	108	1335
Irrigation canals—	28500	22689	11253	5472
Dykes—	17100	19000	5000	6900
Court Houses—	140	152		12
Sails—	220	316		96

Explanation

The Estimate for repairing the Collector's Cutcherry at Trichinopoly in which there was a balance of Rs 1335 to be expended this year was included in the list of Incomplete works submitted to Government but struck out, it having been considered a repair, consequently the expenditure on the Estimate had to be met from the Budget allotment which was insufficient in amount to cover it. The allotment consequently has been exceeded and a sum of Rs 1335 has been entered in Column 9 of the accompanying Statement.

The work of repairing the Shurtheyar under tunnel of which there was a balance of Rs 5472 to be expended this year was included in the list of Incomplete works submitted to Government but was struck out, being considered as repairs, consequently the expenditure had to be met from the Budget allotment for Irrigation canals. This has absorbed a large portion of the allotment and has left an insufficient sum for other works. A sum of Rs 5472 has been entered in Column 9 of the accompanying Statement against this item.

A sum of Rs 6900 for Dykes, Rs 12 for Court Houses and Rs 96 for Sails, are entered in Column 9 as the allotments under these heads have already been exceeded and many urgent works will have to be executed during the present working season.

For further explanation see accompanying letter dated 18th January 1884 No 1565.

From,

Captain J. Bean R. E.

Offr. Superintending Engineer to D^r

To,

Colonel C. A. Orr R. E.

Secretary to Government

P. W. D.

Sir,

Enclosure 5.

Agreeably to order of Government dated 14th ultimo, N. 3681, paragraph 4, I have the honor to forward 4 Lists of New works and Repairs showing the allotments in this Division for the year 1863/64 and the sums which are not likely to be expended, as well as the works for which additional funds will be required. For the sake of ready reference, I have submitted another short Statement showing the items of the Budget allotment for repairs which require to be increased, with explanatory remarks.

2 Under the head of New works, it will be seen that there is still a large balance to be spent in the Tanjore District.

After

Enclosure in a letter from
Mr. J. A. Orr R. E.
N. 1565 dated 18th January
1864.
J. A. Orr
31/1/64

After reference to the Officers concerned, however, I find that it may be laid out within the year. The large balance of Rs 9,935 for rebuilding a portion of the Lower Ancient Bridge remains from the allotment of Rs 10,000 made only on the 22nd December last for the work.

In the Trichinopoly District the works are progressing favourably. Sanction is immediately required in the Tanjore District for the Mordacherri Bridge, an Estimate having been submitted on the 23rd December 1883. In the Trichinopoly District

Rupees 3,531 are required to complete certain works, out of which Rs 1,254 from incomplete works of last year have been expended in anticipation of sanction. To meet this excess, however, in part, a balance of Rs 1,105 remains from completed works, and the sanction for the difference of these amounts and the Mordacherri

Bridge Estimate in Tanjore is requested, Rupees 4,306

With reference to the Repair Statements, a sum of Rs 13,815 in excess of allotment is requested

Public Works Dept -

No 190
Proceedings of the Madras Government
Under date 18th February 1864

Read the following
Forwarding with observations from the Sd^y Engineer 6th Divⁿ
A List of new works and repairs showing the allotments in the 6th Divⁿ (Here enter 18th January 1864 No 190) (1865)
for the year 1863/64.

1 The foregoing letter from the Superintending Engineer 6th Division gives cover to the statement called for in G.O. No. 3851 dated 18th December 1863.

2 Captain Bean reports that no portion of the allotment for Tanjore is available. In the Trichinopoly District, he states that Rs. 1105 can be transferred to other works. This sum the Governor in Council authorizes to be carried to the credit of the Reserve fund.

3 In No 3 statement, Rs. 1105 are applied for from Imperial Funds, viz: Rs. 1380 for Tanjore, and Rs. 3531 for Trichinopoly.

4 The Government having already allotted Rs. 1800 (the sum applied for for the Tanjore District) for the Bridge

* 19th January 1864 No 200

across the Vettar at Nera-
cheri, the amount requiring
sanction is Rs: 3531, which
the Governor in Council au-
thorises to be disbursed from
the current year's Reserve.

5. As the Government is
precluded from sanctioning
from the Reserve the addi-
tional amount required for re-
pairs in the Trichinopoly Dist.,
it will look to the Superintend-
ing Engineer to provide for
the expenses referred to in
para. 3 of his letter, by a
corresponding reduction in
the allotments under other
sub-divisional heads of re-
pairs. Captain Bean will
accordingly submit a fur-
ther report on this subject
at an early date.

For the Trichinopoly District
