*Proceedings of the Madras Government, Public Works Department,
18th February 1864.*

Read the following papers:—

No. 373. From Lieutenant-Colonel J. C. ANDERSON, R. E., Superintending Engineer, 2nd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Masulipatam, 15th January 1864, No. 44:—

SIR,

1. I have the honor to forward the Statements called for in G. O. No. 3,681, dated 14th ultimo, for the Kistna District.

2. I regret that I am unable to submit those for Nellore in consequence of the non-receipt of one of the Range accounts for December, but I hope to be able to despatch them to-morrow or next day.

No. 374. From Lieutenant-Colonel J. C. ANDERSON, R. E., Superintending Engineer, 2nd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Masulipatam, 21st January 1864, No. 48.

SIR,

With reference to paragraph 2 of Government Order No. 115, dated 13th instant, I have the honor to report that in the Statements called for in G. O. No. 3,681, dated 14th December 1863, herewith forwarded, I have shown how much of the balance of the allotment for Nellore tank, viz., Rupees 5,283, will be required for that work and the amount available for transfer for the prosecution of other works in the District.

No. 375. ORDER THEREON, 18th February 1864, No. 492.

1. With his letters recorded above, the Superintending Engineer, 2nd Division, forwards the Statements called for in G. O. No. 3,681, dated 14th December 1863.

2. KISTNA.—No funds are reported to be available in this District for transfer to others. Colonel Anderson states that an additional grant of Rupees 47,295 (Rupees 32,000 for new works and Rupees 15,295 for repairs) is required for the current year.

Amount of Estimate	RS.
Expenditure up to 30th April 1863, ...	2,90,214
Current year's allotment, ..	27,000
	2,60,353
Balance Rupees	29,861

3. Rupees 6,000 are applied for on account of the channel from Peddavaddapooddy to Nizam-patam. The full amount (Rupees 29,861*) required for the completion of this work having been provided in the Budget for 1864-65, there is no necessity for an additional grant for the current year.

4. The Governor in Council grants authority for the expenditure from the Reserve of a sum of Rupees 20,000 on items 2 to 5 in Statement No. 3. In regard to item 6, the Superintending Engineer will be informed that the cost of the iron Punts must be debited to the works in connection with which they may be used.

5. Opposite to certain works comprising the 2nd item in Statement No. 3, G. O. No. 128, dated 2nd February 1862, is quoted. As this Order cannot be traced in the Government Office, the Superintending Engineer is requested to furnish a copy for the information of Government.

6. The additional amount required for repairs is given as Rupees 15,295. Colonel Anderson will observe that under the orders of the Government of India, communicated in Proceedings No. 1,748, dated 3rd July 1863, this Government is precluded from sanctioning any grants for repairs either from the Reserve or from the allotments for original works. If therefore additional funds are required under one or more sub-divisional heads of repair, the Superintending Engineer should propose a corresponding reduction under other sub-divisional heads.

† See Statement No. 1.

7. NELLORE.—Under the head "New Works" Rupees 13,219,† viz., Rupees 6,283 from Imperial and Rupees 6,936 from Income Tax Funds, are reported as not likely to be expended on the works for which they have been allotted by the 30th April next. The second of these amounts (Rupees 6,283) will be credited to the Reserve Fund.

*Proceedings of the Madras Government, Public Works Department,
18th February 1864.*

8. Colonel Anderson requests sanction for an allotment of Rupees 13,219 for the new works entered in Statement No. 3. Rupees 6,283 are accordingly sanctioned from the Reserve and Rupees 6,936 from the Income Tax Funds referred to in the preceding paragraph.

9. Under "Repairs," the Superintending Engineer shows in Statement No. 2 for the Nellore

District that of the allotments under the sub-divisional heads marginally noted, Rupees 13,119 are not likely to be expended during the current year, but in Statement No. 4 for the same District, he requests sanction for the transfer from this amount of a sum of Rupees 3,119 to other sub-divisional heads.

This transfer is accordingly sanctioned. The balance, Rupees 10,000, available under the head "Tanks" was transferred to the Trichinopoly District in G. O. No. 169, dated 16th January 1864. 10. As there are no Income Tax or Local (District Conservancy) funds available, the Government has been unable to provide the amounts required for the works entered in the two additional lists submitted with the first of the letters recorded above. These lists will now be forwarded to the Board of Revenue for consideration in the preparation of the revised Local Fund Budget for 1864-65.

11. The Government confidently hopes that every effort will be used by the Officers of the 2nd Division to ensure the completion of work to the full extent of the allotments for the Kistna and Nellore Districts for the current year.
