*Proceedings of the Madras Government, Public Works Department,
19th February 1864.*

No. 402. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Manamadura, 4th February 1864, No. 1,846:—

SIR,

1. Referring to Government Order No. 309 of the 28th ultimo, I have the honor to observe that I have already reported that the Steam Dredge is apparently beyond repair, and that Mr. Wait cannot be economically employed on the Hand Dredge, although he is not paid from the Paumben Estimate, his salary must be charged to the District, and increase the proportion of salary.

2. But it is not on Mr. Wait's account that the yacht was considered necessary, his duty would keep him entirely on the Steam Dredge, while the Officer in general charge of the operations at Paumben must move about over the whole work, and look after the Convicts, Divers, &c., and is particularly ordered to be present when the charges of powder are fired; generally at noon.

No. 403. ORDER THEREON, 19th February 1864, No. 506.

1. Under the explanation given, the Governor in Council sanctions the purchase of the boat referred to, at a cost of Rupees 1,400, on the condition that the funds shall be provided as proposed* by the Superintending Engineer.

* Vide paragraph 4 of letter from Captain Syme, recorded in G. O. No. 309, dated 28th January 1864.

2. Orders have been already issued regarding Mr. Wait's transfer to the Coimbatore District.

(True Extract.)
