ECCLESIASTICAL DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from G. A. BALLARD, Esq., Collector of Malabar; to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Public Department, Fort Saint George, dated Calicut, 8th September 1863, No. 97.

You are aware that by the Will of the late Mr. Brennen a sum of *Rupees* 8000 was bequeathed—a moiety for the erection, and a moiety for the endowment, of an Episcopal Church at Tellicherry.

2. I believe that it was intended to prepare Plans and Estimates for this structure in the Central Office, Department Public Works; at least I learn that none were prepared in District Engineer's Office.

3. As I do not think at present rates a Church could be erected for *Rupees* 4000, I am making enquiries what amount of private subscription can be raised, and will in due course again bring the subject before Government. At present I write to request that if any Plans and Estimates were formerly prepared in the Central Office, Department Public Works, I may be favored with a sight of them.

ORDER THEREON, 22nd December 1863, No. 303.

With his letter of the 16th January 1861, No. 8883, the Chief Engineer, Department Public Works submitted a Plan and Estimate amounting to *Rupees* 4000 for the erection of a Church at Tellicherry. As neither letter nor its accompaniments can be traced among the records of Government, it is resolved that the Superintending Engineer, 7th Division, be instructed, through the Public Works Department, to prepare and submit another Plan and Estimate for a Church. It should be prepared in communication with Mr. Ballard.

(True Extract.)
