*Proceedings of the Madras Government, Public Works Department,
20th February 1864.*

No. 416. Read the following Proceedings of the Board of Revenue, dated 6th February 1864,
No. 837:—

Read the following letter from the Collector of Nellore, dated Ulvapad Kandukuru, 18th January
1864, No. 13.

SIR,

1. With reference to the Board's Proceedings of the 15th, forwarding Orders of Government of the 24th ultimo, Public Works Department, No. 3,819, I have the honor to request rules may be laid down as to the course to be pursued by the Officers of the Public Works Department when they exercise the discretionary powers vested in them by the Orders under acknowledgment.

2. Whether intimation should be given to the Collector by letter, or the village authorities furnished with a certificate, &c.

Transferred to the Secretary to Government, Department Public Works, for disposal.

No. 417. ORDER THEREON, 20th February 1864, No. 512.

1. In Proceedings dated 24th December 1863, No. 3,819, the Government remarked, in reference to certain differences of opinion between the Collector and the Engineer Department of Nellore, that it did not consider that the rules promulgated in the Board's Circular No. 3,794, dated 21st September 1859, in connection with the protection of works of irrigation by Revenue and village authorities, were intended to deprive the members of the Professional Department of the control over the conservancy, regulation and distribution of water. Adverting to this opinion the Collector of Nellore now requests that rules may be laid down prescribing the course to be pursued when Officers of the Public Works Department exercise the discretionary powers vested in them by the Orders above quoted.

2. The Government does not recognize the necessity for any special rules on the subject. The intervention of the Engineer Department, it is believed, is of rare occurrence, but when exercised in cases of great importance the circumstance should be reported for the information of the Collector.

Village authorities were intended to deprive the members of the Professional Dept of the control over the Conservancy, regulation and distribution of water. Adverting to this opinion the following of letters now requests that Rules may be laid down prescribing the cases to be pursued when Officers of the P.W.D. exercise the discretionary powers vested in them by the order above quoted.

The Govt does not recognize the necessity

necessity for any special rules on the subject. The intervention of the Engineer to P.W.D. it is believed is of rare occurrence, but when exercised, in cases of ^{great} importance the circumstances should be reported for the information of the Collector.
