Public Works DEPARTMENT.

G.O. No.	513	Press
		☒ Mis.
	618-2020.	
Dated	20-2-	1864.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
20th February 1864.*

Read the following papers:—

No. 418. From Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Sempulley, 20th January 1864, No. 1,708.

SIR,

1. In enclosing Statements regarding the sums which are not likely to be expended in this Division, I have the honor to observe that if the Government will accede to the request made in my No. 1,539 of 18th December 1863, the amount which I shall otherwise return, viz., Rupees 12,100, will be reduced to Rupees 2,600. I have not yet heard from the Collector as to his assent to this transfer, which cannot however affect my ability to expend the balance.

2. In Government Order No. 3,578 of 4th December 1863, sanction has been accorded to the new plan of the bridge over the Shunmooganadee river, a highly important work. Owing to the river being liable to floods from rain in the hills during the south-west monsoon, we shall only have the month of May in which we can with any safety work at the foundations.

3. I would beg, therefore, to suggest that the abovementioned balance of Rupees 2,600 be transferred to the bridge; and that authority be given for the immediate commencement of the well sinking; if we can get above the foundations by the end of May, we may be able in the intervals of small floods to advance the work considerably before October.

No. 419. From Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madura, 25th January 1864, No. 1,736.

SIR,

With reference to G. O. No. 239, dated, 21st instant, I have the honor to forward herewith a revised Statement (Form No. IV) of repairs showing the works in the 8th Division, for which allotments or additional funds are required during the current year, and to request that you will be good enough to substitute it for the one forwarded from this Office on the 20th instant with letter No. 1,708.

No. 420. ORDER THEREON, 20th February 1864, No. 513.

1. In pursuance of G. O. No. 3,681, dated 14th December 1863, the Superintending Engineer, 8th Division, reports that no portion of the funds allotted for new works in his Division is likely to remain unexpended on the 30th April next.

2. Under the head "Repairs," Captain Moberly states that of the amount (Rupees 36,100) allotted for agricultural works in the Madura District, Rupees 12,100 are not likely to be expended during the current year, but he omits to state how much of this amount is to be taken from the allotments under each of the sub-divisional Leads marginally noted. This omission should now be supplied.

3. Under the circumstances represented in paragraph 1 of the first of the foregoing letters, the Superintending Engineer will be informed that the Government will be prepared, on the receipt of the information called for above, to sanction the transfer of a sum of Rupees 9,500 for the repair of the road between Madura and Palamcottah. In the meantime the work may be proceeded with.

4. Captain Moberly applies for a grant of Rupees 2,600 for the bridge over the Shunmooganadee river in the Madura District, the Estimate for which was approved in G. O. No. 3,578, dated 4th December last. This amount is accordingly sanctioned from the Reserve Fund.

		Rs.
Irrigation Canals.	Current year's allotment	12,350
Tanks.	do.	23,750

Proceedings of the Madras Government, Public Works Department,
20th February 1861.

5. As the total sum available from the Madras District allotment will be absorbed by the grants now made and promised, the Government regrets that it is unable to sanction the additional amount (Rupees 1,600) applied for on account of repairs in the Tinnevely District.
