*Proceedings of the Madras Government, Public Works Department,
23rd February 1864.*

No. 461. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Ramnad, 10th February 1864, No. 1,875 :—

SIR,

1. I have the honor to submit for the consideration of Government the propriety of cancelling an old order of the Revenue Board, published at page 20, Grant's Circular Order. I am thereby called on to furnish the Collector annually with a report on the Travellers' Bungalows in the District, which are especially under his charge; by the same order the Tahsildars are to inspect the buildings twice in each year, and their report is forwarded to me by the Collector.

2. I believe that the order has long since been abandoned, but I am called upon to furnish it by the Collector of Tinnevely; my European Officers (two), have at this season of the year especially their time fully occupied, and most of the Travelling Bungalows are out of their Ranges.

No. 462. ORDER THEREON, 23rd February 1864, No. 532.

1. The Government does not perceive from page 20 of Grant's Circular Order Book that Officers of the Public Works Department are required specially to visit all Travellers' Bungalows within their charges, or that the local heads of the Department are required to submit annual reports on the condition of these buildings. It is simply provided that the Engineer Officers attached to each District should take notes of the state of such Bungalows as happened to be visited by them in their tours, and that these notes should be forwarded to the Collectors.

2. Captain Moberly will be requested to submit a copy of the Collector's call referred to in paragraph 2.
