PUBLIC DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Municipal Commissioners for the Town of Madras; to the Chief Secretary to Government, Fort Saint George, dated Madras, 30th January 1864.

Two Iron barges, the property of Government, have for several months been lying idle in the Cooum river, and as we are much in want of boats for the transport of the street sweepings to the Rubbish Depôt at Munnally, we have the honor to solicit permission to use them for the said purpose, until they are required by Government.

No. 58.

MEMORANDUM.

The Municipal Commissioners have asked permission to use the two Iron barges lying in the Cooum river until they are required by Government, for the transport of street sweepings to the Rubbish Depôt at Munnally. The Chief Secretary has the honor to request that the Secretary Department Public Works will state whether there is any objection to a compliance with this application.

FORT SAINT GEORGE,

5th February 1864.

(Signed) A. J. ARBUTHNOT,

Chief Secretary.

To the Secretary to Government, Public Works Department.

No. 700.

MEMORANDUM.

In reply to Memorandum, No. 58, dated 5th instant from the Chief Secretary, the undersigned has the honor to state that as the Iron punts in question are not at present required by this Department, the Municipal Commissioners can have the use of them, on the understanding that they are to be returned, when required, in their present condition.

2. As, however; it is unlikely that an opportunity will soon occur for forwarding them to their destination, and as the work on which the Commissioners propose to employ them will probably tend to injure them considerably, it would be more advisable that they should be purchased outright by the Municipal Commissioners.

Resolved that the two Iron barges referred to be placed at the disposal of the Municipal Commissioners for the purpose stated in their letter above recorded, on the understanding that they are to be returned, when required by Government, in their present condition.

2. The Municipal Commissioners will communicate with the Department of Public Works on the proposal made in the last paragraph of Major J. S. Stewart's Memorandum.
