MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—
From the Superintending Engineer, 4th Division, Madras, 8th December 1863, No. 3890; to the Secretary to Government, Public Works Department.

The present Cook-room of the Officers' Mess House in Fort Saint George not having been originally intended to be used as such, and not being a detached Building, some difficulty is experienced in keeping the smoke from going into the Mess-room. One or two Plans have been suggested for remedying the evil, but the best arrangement appears to be the erection of a Duff's Range as provided for in the accompanying Estimate mounting to Rupees 350.

2. The work has been approved of by His Excellency the Commander-in-Chief, and as none of the Ranges erected in the European Barracks are available for transfer to the kitchen in question, I have the honor to recommend that sanction be given for the provision of a new Range out of the Reserve Fund.

Referred to the Military Department.
