*Proceedings of the Madras Government, Revenue Department,
22nd February 1864.*

01. Read the following letter from Captain W. H. HESSEY, Acting Superintendent, Revenue Survey; to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 27th January 1864, No. 30/2 :—

SIR,

1. With reference to G. O., 16th January 1864, No. 100, I have the honor to state that the Establishment proposed by the Acting Collector of Madras, for the survey of isolated portion of waste land in the Collectorate of Madras, appears sufficient.

There will be no difficulty in superintending the work of the Surveyor. The plotting and computation being performed in the Central Office, an efficient check will be kept on the work.

3. I have made a slight alteration in the list* of instruments, in order to make the Establishment more efficient. A competent hands is in most cases a much more satisfactory instrument than a compass.

A Surveyor can be supplied from this Office; two Gumasthas; as Computers and a man can also be given.

List of Instruments proposed for the Survey Establishment for the Collectorate of Madras :—

No.	Names of Instruments.	Remarks.
1	Theodolite, 5-inches.	Additional.
1	Prismatic Compass.	
1	Case of Instruments.	
1	Do. Drawing materials.	
1	100-feet chain.	Additional.
1	66 " "	
1	Cross-stave.	

Chepauk,
January 1864.

(Signed) W. H. HESSEY, Captain,
Acting Superintendent of Revenue Survey.

2. ORDER THEREON, 22nd February 1864, No. 313.

In the foregoing letter the Officer in charge of the Office of the Superintendent of the Survey reports in reply to G. O., 16th January last, No. 100, that he will have no difficulty in supervising the small Survey Establishment which it is proposed to employ in the Madras Collectorate, and that the number of hands and rates of pay are sufficient.

The grounds for proposing to employ such an Establishment are contained in the Acting Collector's letter of the 13th October last, No. 15, and appear to Government to be reasonable. At the same time, as remarked by the Board, the transfer of land must not be deferred till a survey is complete.

The Government resolve to request the Government of India to sanction as a temporary the employment of the party at a monthly cost of Rupees 106 for one year from 1st May. The Board will, as they proposed, consider the expediency of entertaining a permanent Establishment for Madras, and when they are in a position to do so will submit a general scheme of the Districts requiring such aid. They will be careful to obtain from the Collector an exact statement of the working of the proposed party should it be sanctioned.

*Proceedings of the Madras Government, Revenue Department,
22nd February 1864.*

4. The issue of the instruments named in the Memorandum accompanying Captain Hessey's letter of the 27th January will be made from the Public Works Department when the party is organized.

5. The Acting Collector, it is observed, proposes that a charge should be made for survey at 4 Annas per Acre. The Government have already in the case of the South Canara District, approved* of the system of levying the cost of survey from applicants for land. They have no objection to its trial in Madras; but the *rate* should be fixed in consultation with the Superintendent of Revenue Survey.
