573-574.

Dated 29-2-1864.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,  
29th February 1864.*

No. 573. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 20th February 1864, No. 5,134:—

SIR,

[Abstract Estimate.]

1. I have the honor to submit for the sanction of Government an Estimate amounting to Rupees 500 for the annual maintenance of the road, five miles in length, from Chunampett to Allattoor in the Madras District.

2. The line has been under construction from the Local Funds since May 1860, on an Estimate amounting to Rupees 4,862, sanctioned by the Collector. According to the Range Officer's Progress Report for January 1864, all the work has been completed with the exception of a road dam across the Assapoor river: it is therefore necessary that provision should be made for its annual repair. The Acting Collector declines to approve of the execution of the accompanying Estimate from the Local Funds, because the line in question is purely a Salt road. I therefore recommend that sanction be given for its annual maintenance from Imperial Funds, provision for the required amount having been made in the Lists submitted from this Office on the 31st October 1863.

No. 574.

ORDER THEREON, 29th February 1864, No. 587.

1. Under the explanation afforded, the Governor in Council sanctions the Estimate submitted by the Superintending Engineer, 4th Division, amounting to Rupees 500, for the maintenance of the road from Chunampett to Allattoor in the Madras District.

2. The work has been provided for in Part II of the Budget for the ensuing year.
