*Proceedings of the Madras Government, Public Works Department,
29th February 1864.*

No. 611. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madras, 24th February 1864, No. 5,212 :—

Sir,

1. With reference to the Proceedings of Government No. 3,681, dated 14th December 1863, I have the honor to submit herewith the four Tabular

Statements Nos. 1, 2, 3, 4 for the Presidency, Madras and North Arcot Districts. Statements for each of the three Districts comprising the 4th Division therein called for.

The following is an abstract of these Statements :—

	Amount not required as per Statements Nos. 1 and 2.		Amount required as per Statements Nos. 3 and 4.	
	New Works.	Repairs.	New Works.	Repairs.
Imperial Funds... { Presidency... ..			Rs. 11,420	
{ North Arcot. ...			7,846	
{ Madras.			10,360	
Total... ..			29,626	
Income Tax Funds... Madras.	5,000		1,000	

2. In the case of Income Tax Funds alone has it been shown that a portion of the allotment already sanctioned will remain unspent, it having, as respects Imperial Funds, been recommended in separate letters that the savings effected on sanctioned allotments should be transferred to meet the additional sums required for expenditure this year on other works.

3. It will be observed that for works at the Presidency application has only been made for Rupees 11,420, though according to my letter of the 13th December last, No. 4,055, Rupees 49,583 were stated to be required.

4. This difference is owing to my having, in some cases, reduced the expenditure proposed by Range Officers to be made this year in excess of original allotments, in others, to my having been able to provide funds from other sources, and in one instance, to a special allotment having been already accorded by Government.

Rupees 3,600	For Salar Ool Moolk's house at Chapank.
" 4,600	Additional room in Gun Carriage Manufactory for Machinery.

	Total....	49,583		

5. The Imperial Funds applied for on account of New Works in the North Arcot and Madras Districts do not call for remarks, each item having been already specially reported on to Government.

6. As respects Income Tax Funds, I have only asked for Rupees 1,000 for the road between Connatore and Mylapore Tank. In December last I recommended that Rupees 5,000 likely to be available of the allotment for the Pommel Tank project should be diverted to this work; no orders have, however, been passed on the subject, and as the year is now far advanced, and as it will not do to press work too hard at the last (which only leads to its being badly done) I think Rupees 1,000 will be enough, but this should be given at once.

7. In the Presidency and Madras Districts, although the whole of the repair allotments under each head have been appropriated, I have not thought it necessary to apply for additional funds, as the savings which will probably yet be effected on sanctioned works may suffice to meet any amount which may be required for the execution of others authorized between this date and the 30th April next. Should however this not be the case, I shall propose from time to time the transfer from the North Arcot District of a portion of the balance of the repair allotment remaining available therein, and which on the 22nd February 1864 was as follows.—

Budget heads.	Revised allotment as reported in letter No. 4,911, dated 5th February 1864.	Appropriated.	Balance available on the 22nd February 1864.

Proceedings of the Madras Government, Public Works Department,

8. I regret that I have not been able to forward the enclosed Statements until long after the date fixed on by Government.

9. This has arisen from two causes:—

First.—From my absence on a tour in the North Arcot District.

Second.—From my desire to simplify the Statements as much as possible by effecting transfers of funds from one work to another, thus rendering unnecessary any further special applications for money, on their account, to Government.

No. 612. ORDER THEREON, 29th February 1864, No. 605.

1. With reference to G. O. No. 3,681, dated 14th December 1863, the Superintending Engineer, 4th Division, reports that no portion of the Imperial allotment for his Division for the current year is available for transfer, and that additional funds to the extent of Rupees 29,626 are required for the works entered in Statement III.

2. Of the three works* in the Presidency for which funds are required, the first two, amounting to Rupees 8,200, are sanctioned from the current year's Reserve. Orders will be passed upon the third item on the receipt of the Estimate from the Superintending Engineer.

NORTH ARCOT.

3. Rupees 7,846 are sanctioned from the Reserve Fund for the works entered in Statement III for this District.

MADRAS.

4. Of the three works for which funds are stated to be required, Rupees 2,990 are sanctioned from the Reserve for those noted in the margin. Funds will be provided for the other work on the receipt of the Estimate promised by Colonel Boileau.

Excavating channel to connect the Sadras Canal with the Tripooror Pagoda... ..	RS. 2,100
Constructing Receiving Store, Surgery and Bath-rooms to the Lock Hospital at the Mount	890

5. The Government sanctions the diversion of Rupees 1,000 to the work noted in the margin from the sum of Rupees 5,000 reported to be available (Statement No. I) from Income Tax Funds. The balance, viz., Rupees 4,000, will be brought forward in the Budget for 1864-65 to the credit of the Pommel Tank Project or of any other work which the Superintending Engineer may suggest.

The Imperial Funds applied for on account of New Works in the North Arcot and Madras Districts do not call for remarks, each item having been already specially reported on to Government.

As respects Income Tax Funds, I have only asked for Rupees 1,000 for

the road between Coonattoor and Mylapoor-tank.
 In December last I recommended that Rupees 5000 likely to be available of the Allotment for the Ponnemel Tank Project should be diverted to this work; no orders have, however, been passed on the subject, and as the year is now far advanced, and it is ^{do} will not to press work too hard at the last, (which only leads to its being badly done) I think Rupees 1000 will be enough, but this should be given at once.

In letter No. 3826
 d/5 December
 1863.

In the Presidency and Madras Districts, although the whole of the Repair Allotments under each head have been appropriated, I have not thought it necessary to apply for additional funds, as the savings which will probably yet be effected on sanctioned works may suffice to meet any amount, which may be required for the execution of others authorized between this date and the 30th April next. Should however, this not be the case, I shall propose from

from time to time the transfer from the North Arcot District of a portion of the balance of the repair Allotment remaining available therein and which on the 22nd February 1864 was as follows:

Budget Heads	Revised Allotment as reported in letter No. 4911 dated 5 th February 1864.	Appropriated	Balance available on the 22 nd February 1864.

I regret that I have not been able to forward the enclosed statements until long after the date fixed on by Government.

This has arisen from 2

Causes:

1st From my absence on a tour in the North Arcot District.

2nd From my desire to simplify the statements as much as possible by effecting transfers of funds from one work to another, thus rendering unnecessary any further
