*Proceedings of the Madras Government, Public Works Department,
2nd March 1864.*

No. 31. Read the following letter from Lieutenant-Colonel O. W. S. CHAMBERS, R. E.,
Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to
Government, Public Works Department, dated Waltair, 17th February 1864, No. 451:—

SIR,

1. Referring to G. O. No. 317 of 29th ultimo, calling for explanation as to the circum-
stances under which the allotment for minor new works in the District of Godavery has been
exceeded, I have the honor to submit the following information.

2. Prior to the abolition of the District Offices, Major Stoddard and the Collector of the
Godavery sanctioned minor new works in May and June to the amount of Rupees 4,642, while the
sum allowed by Government for works of this description is only Rupees 3,000 and the
difference, viz., Rupees 1,642, it was then proposed to meet from the repair allotment in the
current year's Budget, under the head "Irrigation Canals;" but this arrangement has not been
acceded to by the Comptroller.

3. Sufficient provision was then made by me for this purpose in the Estimates of further
grants called for by Government in paragraph 5 of G. O. No. 1,748 of July 1863, which appli-
cation has not received the necessary sanction.

4. I have again entered in the Statements called for in G. O. No. 3,631 of 14th December
1863, a sum of Rupees 3,000 as required for minor new works, and requested the Government
to transfer this amount from the available balance of the allotment of the iron lattice bridge at
Cocanada. This requisition has not yet been disposed of by Government.

No. 32. ORDER THEREON, 2nd March 1864, No. 622.

1. Ordered to be recorded.

No. 495, dated 19th February 1864.

2. It is observed that in the Proceedings of Government
marginally noted an additional grant of Rupees 3,000 was
sanctioned on account of minor new works in the Godavery District.
