*•Proceedings of the Madras Government, Public Works Department,
3rd March 1864.*

No. 71: Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 24th February, 1864, No. 5,210 :—

SIR,

1. In the Proceedings of Government No. 3,251, dated 9th November 1863, sanction was given for the entry in the Budget of 1864-65 of an Estimate amounting to Rupees 2,100 for excavating a branch Channel from the Sadras Canal to the Teruporur village in the Madras District. Mr. Kennedy, Special Executive Engineer, now reports that the present season is the most favorable for the execution of the work, and strongly recommends that it should be at once proceeded with, on the grounds that if left to be commenced in May next the southerly winds will in all likelihood head up the waters of the Palar to the Canal, lay the low lands under water, and put a stop to all possibility of excavations in that neighbourhood for several months.

2. I therefore request that early authority may be given for the excavation of the Channel this year, and in anticipation of the same, I have inserted the work in List No. III prepared under the Proceedings of Government dated 14th December 1863, No. 3,631, in order that the necessary funds may be provided.

No. 72. ORDER THEREON, 3rd March 1864, No. 641.

1. The Governor in Council grants authority for the immediate execution of the work referred to in this letter, for which an Estimate amounting to Rupees 2,100 was sanctioned in Proceedings No. 3,251, dated 9th November 1863.

2. Separate orders ~~be~~ be passed on the Statements submitted by the Superintending Engineer, in pursuance of Government Order No. 3,631, dated 14th December 1863.
