*Proceedings of the Madras Government, Public Works Department,
7th March 1864.*

No. 167. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cuddapah, 27th February 1864, No. 259: -

SIR,

No. 255, 15th January 1864.

1: With reference to my letter as per margin, I have the honor herewith to forward a Supplemental Statement showing the sums allotted for new works in the 3rd Division, which are not likely to be expended during the current official year.

2. On the Bellary and Cuddapah road in the latter District, it is very difficult to obtain Coolies owing to the great competition on the part of the Railway Company and of the Revenue Demarcation parties; I have already raised the rates 25 per cent., and am unwilling to sanction a further advance as the Railway Engineers would immediately out-bid me.

3. With regard to the Purghee tank, I beg to explain that the expenditure up to the end of April 1863 was Rupees 5,854 and not Rupees 3,000, as entered in the printed Budget, page 1. During the current official year Rupees 826 will probably be expended on this project, so that there is a balance of Rupees 2,474 available for other works.
