*Proceedings of the Madras Government, Public Works Department,
7th March 1864.*

No. 169. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 27th February 1864, No. 5,331 :—

Sir,

1. In Extract Minutes of Consultation No. 1,847, dated 29th September 1857, the Chief Engineer was directed to fix upon a site for a landing place at the terminus of the Southern Canal near the Adyar, and to submit a report upon the subject. Subsequently a letter was forwarded from Mr. Kennedy, Executive Engineer, reporting that there was ample accommodation for landing the traffic, and that there was no necessity for any landing place at the Adyar, under which circumstances Government ordered in their Proceedings of the 14th November 1860, No. 2,359, that the subject should be considered as disposed of until such time as the traffic of the Southern Canal was more developed, and that the project should be laid aside.

2. Under the Orders of Government, Revenue Department, No. 1,918, dated 23rd October 1863, the Collector was desired to arrange with Mr. Dale, the Receiver of Carnatic Property, for the purchase, at a valuation, of a considerable portion of land opposite the head of the Southern Canal, so that the question of a landing place may now be considered to be set at rest. That being the case, I request permission to expunge the Order No. 1,847, dated 29th September 1857, from the List of my "Unanswered References."
