*Proceedings of the Madras Government, Public Works Department,
8th March 1864.*

No. 188. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 2nd March 1864, No. 5,434:—

SIR,

1 Letter from the Assistant Engineer, Fort Range.

In Proceedings of Government, No. 131, dated 15th January 1864.

1. Since writing my letter No. 5,212, dated 24th February 1864, I have learnt by the enclosed letter from the Assistant Engineer, Fort Range, that he will probably not be able to spend this year the whole of the sum Rupees 5,000 allotted for expenditure on the works connected with the Sea Face Batteries.

2. It appears that the outlay of the money depends in some measure on the receipt by the Inspector General of Ordnance and Magazines from England of the 'racers' and 'trucks' suited for the Armstrong Gun. Should they arrive soon Lieutenant Wood thinks he may be able to lay out the whole of the allotment, but at present he is of opinion that he will not be able to spend more than Rupees 4,000 out of the 5,000 above adverted to.

3. Under these circumstances the balance Rupees 1,000 is surrendered to be applied as Government may think fit. I purposely refrain from proposing its allotment to cover funds required at the Presidency (as per my letter No. 5,212, dated 24th February 1864,) because I am under the impression that the grant having been made out of the Military Four lakh Fund is not available for buildings of any other class than those peculiarly Military.

No. 189.

ORDER THEREON, 8th March 1864, No. 700.

1. Under the circumstances represented by the Superintending Engineer, 4th Division, the Government directs that the sum of Rupees 1,000 referred to in paragraph 3 be carried to the credit of the Reserve.

2. Colonel Boileau is reminded that the grant of Rupees 5,000 sanctioned in G. O. No. 131, dated 15th January 1864, for the works connected with the Sea Face Batteries formed no part of the "Military Four lakh Fund," but was made from the Reserve.

Sir,

Enclosure 1.

1 Letter from the
Asst Engrs Fort
Range.

In Pro. of Government
No. 131 of 15th January 1864.

Since writing my letter No. 5212
dated 24th February 1864 I have learnt by the enclosed
letter from the Assistant Engineer Fort Range that
he will probably not be able to spend this year the
whole of the sum Rupees 5,000 allotted for expenditure
on the works connected with the Sea face Batteries.

It appears that the outlay of the
money depends in some measure on the receipt by
the Inspector General of Ordnance and Magazines
from England of the "races" and trucks suited
for the Armstrong Gun. Should they arrive
soon. Lieutenant Wood thinks he may be able to
lay out the whole of the allotment but at present
he is of opinion that he will not be able to spend
more than Rupees 4,000 out of the 5,000 above
adverted to.

Sl. No 5434

Forward letter from
the Asst Engineer Fort
Rango reporting that
he will probably not
be able to spend this year
the whole of the sum of
Rs 5000 allotted for ex-
penditure on the works
connected with the Sea
Face Batteries, but sur-
mises that Rs 4000 may be
spent, therefore surrende-
ring the balance of Rs 1000

the m^o to Govt to be applied
as they may think fit.
