*Proceedings of the Madras Government, Public Works Department,
9th January 1864.*

No. 153. Read the following letter from Captain O. W. S. CHAMBERS, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Waltair, 18th December 1863, No. 1,985:—

SIR,

1. I do myself the honor of laying before Government two Estimates, amounting together to 116 Rupees, one for making certain alterations in the Veteran Barracks at Vizagapatam, the other for repairs to an out-house of the Royal Artillery Lower Patcherry at Waltair, a temporary building.

2 Estimates.
1 Letter.
1 Memorandum.

2. Accompanying these Estimates are a letter and a Memorandum from the Deputy Assistant Quarter Master General, Northern Division, in which that Officer states that the Major General Commanding the Division thinks that the works should be carried out as early as possible, as the one is of an emergent character, and the other requires immediate attention.

3. As I have several times reported to Government, I have greatly exceeded the sums allotted for the repairs of Military buildings in the Vizagapatam District, taking the money from roads which can ill-spare the amounts confiscated, and I am now unable to undertake a Military repair of the pettiest nature without a fresh assignment of funds.

4. If Government cannot make me a grant from the Reserve, the two works deemed so necessary by General Browne must stand over till the 1st of May next.

No. 154. ORDER THEREON, 9th January 1864, No. 74.

The Governor in Council grants authority for the cost* of the repairs referred to in this letter being met from the sum of Rupees 25,000, transferred from the head of Reserve to that of "Repairs" under the orders of the Government of India.

* Rupees 116.
