Having been applied to lately for information regarding my report upon the backwaters and Canals of Cochin, a portion of which has been lately published in the Madras News papers in connection with Proceedings of Government Railway Department, and not being at liberty to make public use of Official documents without sanction, I have the honor to request that if unobjectionable, you will kindly sanction my giving a copy for publication to the Editor. I have applied for it, the more so as a portion of it has been published as above stated, and it seems to me more desirable to place the whole rather than a portion before the public.

I have the honor to be
