*Proceedings of the Madras Government, Public Works Department,
24th November 1864.*

No. 497. Read the following Memorandum from the Superintending Engineer, 4th Division, dated Camp Mecheri, 14th November 1864, No. 4,014 :—

Read the following letter from C. W. MAITLAND, Esq., Sub-Engineer, in charge of No. 3 Range, to Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, dated Poonamallee, 4th November 1864, No. 196.

SIR,

1. I regret to report that a girl about 12 years of age, employed in watering a portion of Trunk Road No. 1, now under repair, (6th mile), slipped and fell in the track of a heavy stone roller 3 feet in diameter, while it was in rapid motion down the slope of a bridge, and was crushed.

2. I made enquiries into the matter on my way from Madras yesterday, and found that the death of the girl was purely accidental. The Police had immediate notice of it, and an Inquest was held. I have requested the Tahsildar of Sydapet to furnish me a copy of the verdict, which will be transmitted in due course.

3. This sad accident occurred on the 31st ultimo, and the Maistry reported it immediately, but his letter did not reach me until after I had heard of it and seen the spot.

1 Letter No. 196, dated 4th November 1864.

1. Submitted to Government for information.

2. The prescribed copy of the proceedings and the verdict of the Court of Inquest will be forwarded as soon as received from the Range Officer, who has been requested to submit in the usual form any application for gratuity which he may receive from the family of the deceased girl, should he find on enquiry that her parents were dependant on her for support.

(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

No: 498.

ORDER THEREON, 24th November 1864, No. 3,374.

Ordered to be recorded.
