*Proceedings of the Madras Government, Public Works Department,
28th November 1864.*

No. 547. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 17th November 1864, No. 4,129:—

Sir,

The Barrack Master having approved of an estimate amounting to Rupees 40, for putting up a door and three windows to the Guard-room attached to the Commissariat Office at the Presidency, and all the funds allotted for Minor New Works in that District having been appropriated, I have the honor to request permission to transfer the necessary funds from the balance Rupees 76, remaining available of the allotment, Rupees 500, sanctioned under the head of Minor New Works for Civil Buildings in North Arcot.

No. 548. ORDER THEREON, 28th November 1864, No. 3,400.

On the understanding that the funds are available the Government sanction the transfer recommended in this letter.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division.
„ Accountant General.
„ Controller of Public Works Accounts.

Superintending Engineer's Office

Camp, Cannanore 7th November 1864

No. 176

From Lieut. Colonel G. W. Walker R.E.
Superintending Engineer 7th Div.

To Colonel C. A. Orr, R.E.
Secretary to Government D.P.H.

Sir, The Supervisor in Charge of Erode Range has reported that he will not be able to spend more than Rupees 10,000 out of the Rupees 15,000 allotted for Thadapally Channel and Rs 4,988 out of Rs 6,988 allotted for Arkencottah Channel in the Budget of 1864-65. Nos 106 and 107 of the Printed List.

The Irrigation works allotted to in G.O. No. 1818 of 22nd June, and No. 2048 of 15th July, may accordingly be provided for at once to the extent of Rupees 2580 and Rupees 1860; and I have ordered the collection of materials in anticipation of the sanction of Government.

2. It has been proposed by Mr. Nordmann that the available balance of Rupees 2560 should be expended in laying the foundations of a Head Sluice for the Arkencottah Channel. Plan and Estimate of which I herewith submit. But although I recommend that that work be commenced within the current year, as it can only be done in the months of March and April, I consider that the same difficulty about the materials which delays progress with the smaller sluices, would interfere with any expenditure on these Channels over the limit already named. Accordingly suggest that permission be accorded to commence with the Head Sluice out of the balances reserved for the Minor Sluices.

constructing a Head
Sluice for the
Arkencottah Channel.

ships; and that the sum of Rupees 2560 be transferred to the Burgoor Ghaut works under the same management, the intended Allotment for which in GO No. 2646 of 13th September was reduced from Rupees 10010 to Rupees 8677 by previous outlay on repair of the old Road.

I receive very cheering reports of the progress of the Burgoor Line from Mr Nordmann, who has taken to most intelligent interest in the work; and pending the sanctions of next year it would be a pity to let the Ghaut stand still for a couple of months, and so lose the services of Coolies and others just when they had got well into the kind of work. Thus my proposed Allotment of Rs 2560 would obviate -
