No. 572. From Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 7th October 1864, No. 1,584.

SIR,

1. Agreeably to the Orders of Government No. 1,509, dated 23rd May 1864, I have the honor to forward plans and estimate for erecting a Court House for the use of the Civil and Session Judge at Trichinopoly, amounting to

1 Plan
1 Estimate.

Rupees 25,400. The plan is a modification of the Court Houses proposed for Tanjore, and is entirely approved of by Mr. Harris in his letter of the 5th instant, in which he further says that there will be a difficulty in finding a site.

2. I may mention, however, that the Civil Judge in another letter of the same date, states that the owner of the present Court House is now willing to sell the building, which is rented by Government, for a sum of Rupees 8,000, and that it will probably take Rupees 5,000 more to make it commodious and to place it in fit repair for a Court.

3. I have directed the Executive Engineer, Trichinopoly, to report further on this subject, and to make a valuation of the house.

Referred to the Judicial Department with reference to the orders in that Department, No. 704, dated 16th May 1864.

No. 573. From Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 7th November 1864, No. 1,911.

SIR,

1. In continuation of my letter No. 1,584, dated 7th October 1864, forwarding plans and estimates for a Sessions Court House at Trichinopoly, I have the honor to report that a close

inspection of the present building rented by Government shews that it would not be a desirable purchase. The house is very much out of repair, and not worth the sum asked for it, besides it would take half the amount of the estimate of the new Court House to put it into proper order.

2. A site for the new building has been chosen by the Sessions Judge and Executive Engineer, which appears the most eligible one in Trichinopoly. The ground is private property, and Rupees 1,100 would have to be added to the estimate as the cost of the site, and of sinking a well, which Captain Palmer states is required on account of there being no water at present available near the spot.

Referred to the Judicial Department, in continuation of the Superintending Engineer's letter No. 1,584, dated 7th ultimo.

than to purchase the building at present occupied. He accordingly sanctions the estimate submitted by the Superintending Engineer, 6th Division, amounting to Rupees 26,900, and directs the entry of the work in the Budget for 1865-66.

2. The sum abovementioned includes Rupees 1,100 for the purchase of the site, and Rupees 400 for the construction of a well, which is stated to be necessary.

MEMORANDUM.

From the Superintending
Engineer's Division,
dated 7 October 1887
Nos 1584 & 1911.

The Chief Secretary has the honor to
return the letter noted in the margin, together
with the Plan and Estimate which accompanied
it for the construction of a new
Court House at Trichinopoly
and to inform Colonel Orr that he sees no
objection to the Plan. The Chief Secretary
thinks, that, under the circumstances,
it is better to build a new Court House
than to buy the one at present occupied.
