*Proceedings of the Madras Government, Public Works Department,
29th November 1864.*

Read the following papers:—

No. 576. Endorsement of the Superintending Engineer, 7th Division, dated Ootacamund, 19th September 1864.

From Mr. T. SMITHER, Supervisor, 7th Division, Palghaut Range, to Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, dated Palghaut, 13th September 1864, No. 127.

SIR,

1. In submitting a plan of a landing place for Cochin, for your approval or otherwise, prepared agreeably to the order contained in your Memorandum No. 80 of the 18th ultimo, I would beg to state that the plan was drawn out in accordance with the views expressed by Captain Castor, Mr. Cullen, Joint Magistrate, and Mr. Leslie, who also selected the site, than which I do not think there can be a better, it being sheltered from the effects of the south-west monsoon, during which the waves rise very high in the inner harbour.

2. On my pointing out to Captain Castor, that the cost of constructing a landing place of the dimensions given by him, would be nearly double the sum set apart for that work, he requested me to inform you, that the sum now available for that purpose is considerably in excess of the sum required, and could be obtained without the least trouble.

3. The cost of constructing a landing place of the size shewn in the plan will be about Rupees 1,500, by using the stone brought as ballast to Cochin for all save the steps, and which Captain Castor promises to procure in sufficient quantities.

4. In conclusion I would beg to state, that laterite must be used for the steps as cut granite is 1½ Rupee per cubic foot in Cochin.

1. Copy forwarded for the information of Government, with reference to their Order No. 28 of 13th September.

2. On the sketch plan (the return of which is requested) is marked as deviation from the direction in which Mr. Smither proposes to run out the wharf, which in the opinion of the undersigned would be an improvement.

(Signed) G. W. WALKER, Lieut.-Colonel, R. E.,
Superintending Engineer, 7th Division.

Memorandum from the Deputy Secretary to Government, Public Works Department, dated Chepauk, 22nd September 1864.

The undersigned has the honor to request that the Superintending Engineer, 7th Division, will be good enough to submit the estimate for the proposed landing place for Cochin.

From J. J. FRANKLIN, Esq., Superintendent of Marine, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Marine Department, Fort Saint George, dated Madras, 7th November 1864, No. 3,716.

SIR,

1. In returning the accompanying papers and plans of the proposed landing place to be constructed at Cochin for the sum of Rupees 1,800, I have the honor to state that it appears calculated for the purpose intended, and that its cost can be met from the Port Fund.
2. The direction of the landing place, as marked in pencil, is preferable to that originally set down.
