*Proceedings of the Madras Government, Public Works Department,
2nd December 1864.*

No. 21. ORDER THEREON, 2nd December 1864, No. 3,443.

1. Statement No. I submitted with this letter exhibits the maintenance grants required for roads in the Ganjam and Vizagapatam Districts which have either been already completed or which it is expected will be finished by the end of the current official year. The grants applied for aggregate Rupees 5,700 which the Government sanction for entry in the Budget of 1865-66.

2. Statement No. II shows the alterations proposed to be made in the allowances sanctioned for the maintenance of certain roads in the same Districts. The alterations involve in some cases an increase and in others a decrease of the present grants. The Government are prepared to admit the necessity for an increased allowance consequent on the completion of an additional length of road; but when an increase or decrease of the rate at which the grant was originally made is recommended, the application should invariably be accompanied by an explanation of the grounds on which these changes are proposed; and if the inadequacy of the allowance be owing to an increase of traffic, a Statement exhibiting a comparison between the past and present traffic should be submitted in pursuance of G. O. No. 2,846, dated 23th November 1862. The Superintending Engineer will now be requested to furnish the requisite information, and pending its receipt the adoption of the proposed alterations in the Budget of 1865-66 will be held in abeyance.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.
